Reason for Allowance

The following is an examiner's statement of reasons for allowance: the prior art reference of records (US 5,990,671) shows an integrated circuit comprising means for connecting main voltage to the output, means for limiting the voltage on the output. The prior art of records fails to teach or fairly suggest a limiting means comprising means for blocking the first transistor and the blocking means comprises first and second current mirrors as called for in claims 1, 16, 21, 24 and 25. Therefore, claims 1,3-5,10-16, 21, 24 and 25 are presently allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
